Records Of the Somers Family

John Somers born, Jan. 12th. 1799. died in Jan. 1856.

Horsey Somers, born Oct. 14th. 1802. Betsy Somers, born May 18th. 1804.
William Somers, born Febr. 14th. 1810. Sarah H. Somers, born Oct. 7th. 1807.
Salley Somers, born Jan. 29th 1813.
Nancy, wife of Horsey died March 10th. 1836.

John, son of Horsey had several sons,

Richard-John-William-George and Samuel.

Samual had four sons; Samuel W. Albert Beauregard Horsey- John Henry and Richard Rew Somers.

The writer is the son of Albert B.H. Somers.

You will notice that much data which I have given to you bears on the direct line of our family. However, all the Somers in Accamack County and Somerset County Md. are direct decendants of the original Benjamin Somers who went to Md. from here.

The generation of my family beginning with Benjamin in 1655 are as follows.
Benjamin-John-Isaac-Horsey-John-Samuel and Albert B.H. Somers.

Information taken from the records in the archives at Princess Anne, Md. and Annapolis show that Horsey and Richard fought in the Revolutionary War. And our records shows that after the war Horsey & Richard and a sister Jane (All children of Isaac) came back to Accomack County (From Somerset Co. Md.) and spent the remainder of their lives here. We the Somers of Accomack Co. all stem from this line beginning with (Horsey) here.

The records at Annapolis shows that the war dept. later paid Horsey a pension for services rendered in the Revolutionary war.

All the Somers in Somerset County are unquestionably the decendants of the original Benjamin.

"On Sunday Oct. 24th. 1954. Benjamin F. Somers of Crisfield, Md. aged 97 died in the house where he was born" and still owned 105 acres of the original grant made to the original Benjamin.

Now I do not know the line of his decent, nor of the other Somers in the Crisfield area, but we are all the same stock, no question about it.
